

AMENDMENT TO THE CLAIMS

Listing of Claims:

- Claim 1 (Previously Presented):** A mobile telephone, comprising:
- a display which displays information including telephone numbers or characters;
 - a first address data bus connected to control means and storage means that are provided as principal integrated circuits; and
 - a second address data bus for connecting said control means and said display means independently of said first address data bus;
- wherein said control means controls said first address data bus and said second address data bus independently.
- Claim 2 (Previously Presented)** A mobile telephone as claimed in claim 1, further comprising communication means for transmitting and receiving signals via a radio line,
- wherein said control means is controlled to prohibit access to said second address data bus while said communication means is receiving signals.
- Claim 3 (Original)** A mobile telephone as claimed in claim 1, wherein said second address data bus is driven by lower voltage than said first address data bus.
- Claim 4 (Cancelled).**
- Claim 5 (Previously Presented)** A mobile telephone as claimed in claim 1, wherein said display means is arranged near an antenna of the mobile telephone.
